

# WrapStrap™

## House Wrap Strapping

WrapStrap™ is a Polythene embossed strap that is installed around the building wrap to keep the insulation in place and prevent it from bulging into the cavity for buildings with a drained cavity application.

Fire rated building wrap (Masons FRI) held in place over insulation with wrap strapping keeps the insulation in place and prevents it catching fire to a tested standard.

WrapStrap™ can also be used as a support for non-self supporting roof underlay.

### WrapStrap™ - Advantages

- ❑ NON STRETCH
- ❑ LAYS FLAT
- ❑ CONVENIENT DISPENSER

Masons WrapStrap™	Roll Sizes	Masons Code
